## FRIENDLY REMINDERS

### If your Child Has Flu Like Symptoms

If your child displays flu like symptoms such as a running nose, cough, fever we are asking that you keep them at home until they are feeling better. If a child comes to school with these symptoms, staff have been advised to send them to sick bay and call their parent to come and collect them. It is also advised to seek medical advice from their regular health practitioner when needed.

### Food & Drink at School

As is custom at most NSWDoE schools, we ask that **students are not sent to school with any food that contains nuts** (this includes peanut butter & Nutella). Some students are highly allergic to nuts and nut products and our aim is to ensure safety for all. Thank you for your understanding.

It is important that every student is sent to school **each day with adequate amounts of food and drink/s** to sustain him/her for an active day at school. We continue to have Crunch&Sip at our school so students need to have **water and chopped fresh fruit or vegetables in a separate container every day!**

### Labelling Belongings

Parents are reminded that **every item** your child brings to school including lunch boxes, drink bottles, hats etc need to be clearly labelled with his/her name, this includes Stage 3 students! This really helps us in safely returning any misplaced items to the correct owner.

### Medication at School

The CEPS Administration of Medication Policy states that all prescribed medicine must be administered in the school office. This means that if your child is required to take any medicine during school hours it must be brought into the office (this includes asthma puffers) to be stored there. A form must also be filled in and signed to allow staff to administer the medication/puffer. We are only allowed to administer prescribed medication that has the child's name on it. Any over the counter medication such as Panadol cannot be administered by a staff member at school.

# NAPLAN Online – information for parents and carers

2020

## Your child will do the NAPLAN tests online in 2020

Federal, state and territory education ministers agreed that all schools will gradually transition from the current paper-based NAPLAN to NAPLAN Online in order to provide a better and more precise assessment that is more engaging for students.

State and territory education authorities will determine when their schools move online. The current plan is for all schools to transition to NAPLAN Online by 2021.

One of the main benefits of NAPLAN Online is tailored (or adaptive) testing, in which the test presents questions of higher or lower complexity depending on a student's performance.

Tailored (or adaptive) testing is designed to assess a wider range of student abilities and to measure student achievement more precisely. Your child should not be concerned if they find questions more challenging than usual; they may be taking a more complex test pathway. A student's overall NAPLAN score is based on the number and complexity of questions they answer correctly.

## Why do students do NAPLAN?

The National Assessment Program – Literacy and Numeracy (NAPLAN) assesses literacy and numeracy skills that are essential for every child to progress through school and life.

Students in Years 3, 5, 7 and 9 participate in the annual NAPLAN tests in reading, writing, conventions of language (spelling, grammar and punctuation) and numeracy.

The assessment provides parents and schools with an understanding of how individual students are performing at the time of the tests. NAPLAN is just one aspect of a school's assessment and reporting process – it does not replace ongoing assessments made by teachers about student performance.

NAPLAN also provides schools, education authorities and governments with information about how education programs are working and whether young Australians

are achieving important educational outcomes in literacy and numeracy.

## What does NAPLAN assess?

NAPLAN assesses literacy and numeracy skills that students are learning through their regular school curriculum. All government and non-government education authorities have contributed to the development of NAPLAN materials.

As students are assessed on the same literacy and numeracy curriculum content, regardless of whether they complete the test online or on paper, results for both formats can be reported on the same NAPLAN assessment scale. To find out more about NAPLAN Online, visit [nap.edu.au](http://nap.edu.au)

## How can I help my child prepare?

On its own, NAPLAN is not a test that can be studied for and students are not expected to do so.

Help your child prepare by reassuring them that NAPLAN is just one part of their school program, and by reminding them on the day to simply do their best.

ACARA does not recommend excessive preparation for NAPLAN or the use of services by coaching providers.

Ensuring students are familiar with using devices, typing on them and navigating through programs is a part of student learning and a requirement of the Australian Curriculum from the first year at school.

NAPLAN Online is not a test of keyboard skills. There are variations in how fast and well a student can type – just as there are variations in how fast and well a student can write by hand. Year 3 students will complete the writing test on paper.

Teachers will ensure students are familiar with the types of questions in the tests and will provide appropriate support and guidance.

See the type of questions and related functionalities available in the NAPLAN Online assessment at [nap.edu.au/online-assessment/public-demonstration-site](http://nap.edu.au/online-assessment/public-demonstration-site)

## Participation in NAPLAN

All students in Years 3, 5, 7 and 9 are expected to participate in the annual NAPLAN assessment. Students with disability may qualify for adjustments that reflect the support normally provided for classroom assessments. You should discuss the use of any adjustments for your child with your child's teacher.

A student with a disability that severely limits their capacity to participate in the assessment, or a student who has recently arrived in Australia and has a non-English speaking background, may be granted a formal exemption.

Your school principal and your local test administration authority can give you more information on special provisions or the process required to gain a formal exemption.

## What if my child is absent from school on NAPLAN days?

Where possible, schools may arrange for individual students who are absent at the time of testing to complete missed tests at another time during the school's test schedule. Individual students are not permitted to do NAPLAN Online tests after Friday 22 May 2020.

## NAPLAN Online 2020 timetable

The assessment window for NAPLAN Online is nine days instead of the three days provided for the paper test. This is to give schools flexibility in scheduling and accommodate schools that may have fewer devices.

The NAPLAN Online assessment window is open from Tuesday 12 May till Friday 22 May 2020.

The online test scheduling requirements are detailed in the table below.

| Test                    | Scheduling requirements   | Duration   | Test description   |
|-------------------------|---|--|--|
| Writing                 | Year 3 students do a paper-based writing test (on day 1 only)<br>Year 5 must start on day 1 (schools must prioritise completion of writing across days 1 and 2 only)<br>Years 7 and 9 must start on day 2 (schools must prioritise completion of writing across days 2 and 3 only)  | Year 3: 40 min.<br>Year 5: 42 min.<br>Year 7: 42 min.<br>Year 9: 42 min. | Students are provided with a writing stimulus (sometimes called a 'prompt' – an idea or topic) and asked to write a response in a particular genre (narrative or persuasive writing) |
| Reading                 | To ensure online schools are able to complete NAPLAN tests within the nine-day testing window, Years 7 and 9 students can start with reading on day 1; however, writing must start on day 2 as the writing test takes priority over any rescheduled reading tests from day 1<br>To be completed before the conventions of language test | Year 3: 45 min.<br>Year 5: 50 min.<br>Year 7: 65 min.<br>Year 9: 65 min. | Students read a range of informative, imaginative and persuasive texts and then answer related questions   |
| Conventions of language | To be completed after the reading test  | Year 3: 45 min.<br>Year 5: 45 min.<br>Year 7: 45 min.<br>Year 9: 45 min. | This test assesses spelling, grammar and punctuation   |
| Numeracy                | To be completed after the conventions of language test  | Year 3: 45 min.<br>Year 5: 50 min.<br>Year 7: 65 min.<br>Year 9: 65 min. | This test assesses number and algebra, measurement and geometry, and statistics and probability  |

## How is my child's performance reported?

Individual student performance is shown on a national achievement scale for each assessment. A result at the national minimum standard indicates that the student has demonstrated the basic literacy and numeracy skills needed to participate fully in that year level.

A NAPLAN Individual student report will be issued by your child's school later in the year. If you do not receive a report, you should contact your child's school.

## How are NAPLAN test results used?

- Students and parents may use individual results to discuss progress with teachers.
- Teachers use results to better identify students who would benefit from greater challenges or extra support.
- Schools use results to identify strengths and areas to improve in teaching programs, and to set goals in literacy and numeracy.
- School systems use results to review programs and support offered to schools.
- The community can see average school NAPLAN results at [myschool.edu.au](https://myschool.edu.au)

## Where can I get more information?

For more information about NAPLAN:

- contact your child's school
- contact your local test administration authority at [nap.edu.au/TAA](https://nap.edu.au/TAA)
- visit [nap.edu.au](https://nap.edu.au)

### Stage 2 ZooSnooz

Thursday 3<sup>rd</sup> and Friday 4<sup>th</sup> September 2020

Online POP Reference: ZooSnooz

Dear Parents,

On Thursday 3<sup>rd</sup> and Friday 4<sup>th</sup> September, students from Stage 2 will be attending an excursion to Sydney Harbour and ZooSnooz. This excursion forms part of our study of History and 'First Contacts' along with our Geography unit 'The Earth's Environment' where students explore the climate, natural vegetation and native animals of places in Australia and Asia.

**Venue:** Taronga Park Zoo

**Travel:** Seat belted coach

**Cost:** \$155.00

**What to wear:** Comfortable walking shoes and clothes for all seasons (details to follow)

**Pick up and return to school times:** Bus will leave 9 am on Thursday, 3<sup>rd</sup> September and return approximately 3:15-3:30pm Friday, 4<sup>th</sup> September.

**What food to take:** Lunch and snacks for the first day.

**Students will need:**

Sleeping bag, pillow, toothbrush/toiletries, pyjamas, comfortable walking shoes and weather appropriate clothing.

A torch is encouraged for use in the sleeping areas, though it will not be needed on the night walk.

ZooSnooz is an all-weather program and students are expected to bring appropriate wear such as raincoats, warm layers etc. if needed. As part of the program we will be going on a night walk, so warm layers are a great idea!

A day pack with water bottle, hat, sunscreen, camera.

Of course we would like for all students to be able to participate in this wonderful experience. Although, all students have been spoken to about the imperative need for them to be safe, responsible and respectful members of our school community each and every day so that they show all staff that they can be trusted to take away, out of the school setting. If we cannot trust that your son/daughter will be a respectful and responsible student we will have no choice than to call a meeting with parent/s and discuss alternative arrangements. If you have any questions about this, please speak to your child's class teacher as a matter of urgency.

For the convenience of parents, Corrimal East Public School is providing two payment options;

1. Payment in full by 13<sup>th</sup> March 2020 (\$155)
2. 3 payment installments

Installment 1. \$55 due 13<sup>th</sup> March 2020

Installment 2. \$50 due 12<sup>th</sup> June 2020
